📁 EXPERIENCE

Software Developer · Kasune Innovations

Apr 2025 - Present

📍 Brian Street, Bryanston

- ▶ Collaborated with cross-functional teams to gather requirements, streamline workflows, and ensure seamless integration with existing systems.
- ▶ Developed both front-end and back-end components using technologies such as Python, JavaScript, and XML within the Odoo framework.
- ▶ Designed enterprise ERP modules and improved system performance through optimisation.

Junior Software Developer · Kasune Innovation / Moyatech

Jun 2022 - Mar 2025

📍 Brian Street, Bryanston

- ▶ Analyzed and modified programming systems including encoding, testing and debugging to support the organisation's ERP applications.
- ▶ Designed application tables, reports and new modules to improve system efficiency.
- ▶ Collaborated on full-cycle development and maintenance of Odoo-based solutions.

Assistant Teacher · Mambane Secondary School

Dec 2020 – Apr 2021

📍 Stand No 1, Block C, Mpumalanga

- ▶ Taught grade 11 and 12 learners Mathematics and Physical Sciences.
- ▶ Developed lesson plans and assisted with student assessments.

FYE Mentor · University of the Witwatersrand

Jan 2020 – Dec 2020

📍 1 Jan Smuts Ave, Braamfontein

- ▶ Mentored and ushered first-year students to ease the transition from high school to university.
- ▶ Provided academic guidance and facilitated workshops.

📁 PROJECTS

☁️ Kasune Nebula

Performance Management System · 2025

Enterprise performance management platform built on Odoo. Streamlines employee evaluations, goal tracking, and feedback loops for mid-sized companies.

Odoo AWS Python PostgreSQL JavaScript

💰 Payroll System

ERP Payroll Module · 2023–2024

Comprehensive payroll solution handling salaries, tax deductions, and leave management for 600+ employees. Integrated with biometric attendance systems.

Odoo AWS Python PostgreSQL XML

😊 Face Authentication Mobile App

AI / Computer Vision · 2026

Cross-platform mobile app using Google ML Kit and deep learning for secure face-based authentication. Used for access control and attendance verification.

Odoo React Native Python PostgreSQL

🎓 School Management System

Full-Stack Application · 2026

Comprehensive school administration platform designed to manage student records, scheduling, and grading. Features a responsive frontend portal paired with a robust relational data architecture.

Angular .NET NeonDB SCSS c#

❄️ Frostbite

Desktop Game · 2025

Arcade-style game where the player jumps across moving ice floes to reach the igloo. Features dynamic left-to-right obstacle mechanics and collision handling.

C++ SFML DocTest Makefile

🏆 ACHIEVEMENTS

- ✓ ERP systems supporting 100,000+ users
- ✓ Payroll solution managing 600+ employees
- ✓ Multi-tenant SaaS architecture
- ✓ AI face recognition authentication
- ✓ Financial forecasting applications
- ✓ Enterprise mobile applications
